Dear Frank:

We wanted to drop you a note to let you know how pleased we are with the final outcome of the website redesign. I can say with some degree of certainty that [vpmaonline.com](http://vpmaonline.com) will never be the same again! We are so proud of all the website has to offer our members, homeowners and our professional partners!

Thank you very much for your diligence and expertise that carried our concepts from pie-in-the-sky dreams to reality!

Sincerely,

Kristin Coron
